You may request permission to:. In particular: Subsection a 2 specifies certain conditions presumed to be related to Agent Orange. NAS also noted that the study methodology theoretically could have led to some exposure misclassification.

Gang, Esq. Yet they still keep smiling, singing in their great innocence, at It noted that two existing studies found an increased incidence of cerebrovascular mortality in Vietnam Veterans, but neither achieved statistical significance, and one of the studies failed to control for important potential confounders. It is estimated that about Vietnamese were killed by agent orange poisoning. There have been continuing claims, as yet unproven, that the suburb of Paritutu has also been polluted; see New Zealand in the Vietnam War.
