Keep your cooking gear Lightweight Camping (Techniques) by using a kettle. The lightweight backpacker also selects the lightest equipment suitable for the conditions to round out the rest of his kit. You might be able to save the weight of a pack cover. The point is this: I miss it. Keep your cooking gear light by using a kettle. Small zip lock bags should be considered for storing any small item.

Dental floss can be used for repairs. My vote is for scissors, but there may be times when pliers could be a godsend particularly in the area of gear repair.
