It does not do anymore to send in a lonely Carrier with one GF on it to take a planet

This has to be the most difficult objective to justify scoring on the first turn. This strategy can backfire, of course, when anticipated by an aggressive neighbour in possession of Warfare II since it leaves your home system completely.

Light-Wave Deflectors Blue This tech allows you to fly through systems containing enemy ships.

Eventhough a planet like [0. Since the tech does not serve as a prerequisite and

whole feeling of the game changes, and you need to adapt new strategies for it. The problem is that at the point you get Assault Cannon, the enemy most of the times already has Fighter cover.
