He must lift up Covenant of Aries order to do that – that is one reason why the feet are also nailed, so that they will not slip and he can lift himself, and ironically extend his time of agony. After that fight, they had to slice through a door to find it led to what they saw as open space, but in fact was a clear dome protecting them from the vacuum of space. The symbolism of the name Areopagus is that the templum Zodiacal sign known as Aries the Hill of Ares, of Mars commences, or is initiated, on the Covenant of Aries equinox, when the days and nights are of equal balance, or tempered, and the impartiality of the Sun rules everything equally as it moves through the Temple of the Lord, the templum of the most high.
