Always use a pre-cleaner. Overall, I am happy with this cleaner.

You Might Like Wipe clay lubricant from the surface with a quality microfiber  
Nice job. Run the bag over the same area of your paint that you felt with your bare hand Do you feel the difference? One warning: Once you do it, it will be addictive!

My recommendation for anybody just starting out with paint correction is go not scratch piano plastic. Claying your paint with Detailing Clay is not a substitute for polishing your car.
